IBM **Developer**
SKILLS NETWORK

1. After your model is ready, click on the `URL`:

2. It will open a box like this:

3. Drag and drop your sample image into the box from your local folder or click to upload.

- You will find test images here. *Note: if you are using Firefox, please right-click the link and select* `Save Link As`.
- Take a screenshot of the following image after the prediction. You can find how to take a screenshot for Mac here and Windows here

My Classification App

Drag & Drop an Image Here

(Please only drag and drop one image at a time)

Deep network prediction: stop

Your prediction will show at the bottom.

Please take screenshots of each image and its prediction to upload to get full marks on your peer review.
